

Assistant Professor Position in Accounting

Erasmus School of Economics, Erasmus University
Rotterdam

Positions starting in 2023

Erasmus School of Economics welcomes applications for assistant professor in financial accounting, management accounting, and auditing.

Job Qualifications

We are seeking enthusiastic candidates who have a Ph.D, or expect to complete a Ph.D in the near future, and can demonstrate the potential for outstanding achievements in research and teaching in the fields of accounting, auditing and/or management control. Assistant professor positions involve a six-year tenure-track (with generous extensions for parenthood). Tenure decisions are based on individual performance, principally in research and teaching. Teaching is in English (for Dutch-speaking candidates, there may be opportunities to teach in Dutch) and the teaching load is low. The compensation package is competitive relative to European salaries and includes several secondary benefits, such as a pension plan that is partially funded by the university. Favorable tax agreements may apply to non-Dutch applicants.

About Erasmus University Rotterdam

Successful candidates will work at the accounting department at Erasmus School of Economics. The department has grown considerably in the past decade and consists of around 20 research-active faculty members who regularly publish in the top 5 accounting journals. Together with the accounting department at Rotterdam School of Management, we form the Accounting Research Group at Erasmus University Rotterdam. The Erasmus Accounting Research Group has a strong research tradition and an international orientation, as evidenced by our publications, research collaboration with academics at leading U.S. schools, an international seminar series and several conferences, and a U.S. style Ph.D. program. The group has established itself as one of the leading accounting groups in Europe and also one of its largest (over 30 research-active members), with researchers in financial and managerial accounting, auditing, and taxation. Erasmus University has access to excellent research facilities, including major databases (WRDS, CRSP, Compustat, Capital IQ, Datastream, Bloomberg, I/B/E/S, TAQ, etc.) and a state-of-the-art behavioural experimental lab. Our

research institute ERIM provides additional funding (e.g., for data, research assistance, or research visits) on top of a personal research budget.

You can find more information about the group, departments and EUR below:

Application procedure

Please send pdf versions of your cover letter, curriculum vitae, sample copies of your research (published or working papers), and the names of two academic references to aacrecruiting@ese.eur.nl. Please ask your references to send their letters directly to the same e-mail address.

We will start reviewing applications immediately, but the formal application deadline is January 1, 2023 for positions starting in September 2023. Starting dates between January and September 2023 are also negotiable. We will also be interviewing at the EAA Talent Workshop in Madrid on November 11-12, 2022.

In case you have any questions about the position, please contact Edith Leung, head of the section Accounting, Auditing and Control, directly at leung@ese.eur.nl.
