1. Message from the Chair of APMAA 2018 Conference Organizing Committee

On behalf of the APMAA 2018 Conference Organizing Committee, I would like to thank the APMAA Board of Directors for providing us the opportunity to host the 2018 conference at Waseda University.

The purpose of this conference is to enhance the understanding of current management accounting issues in various countries and create useful theories and methods to close the gaps between practitioners and academicians in management accounting. We think that management accounting must be inextricably tied to the actual organizational situations and environment that it is intended to serve. Therefore, there is necessity for more research which aims to enhance our understanding of the various practices being implemented all over the world. We believe that this is the tradition and identity of APMAA.

The theme of APMAA 2018 is “The Forefront of Management Accounting: Research and Practices” (a tentative theme). APMAA 2018 program will contain two or three plenary and panel sessions, parallel sessions, and cultural visit. Following like the previous conferences, we plan to invite excellent scholars, professionals, CEOs and/or CFOs to these sessions. APMAA 2018 launches special sessions designed by APMAA members to discuss specific issues and practices of management accounting (See Special Session/ Workshop Call for Proposals).

The conference venue is International Conference Center of the Waseda University and Rihga Royal Hotel Tokyo located in the main campus of the University. Besides Rihga Royal Hotel Tokyo, we plan to arrange with several reasonable and suitable hotels near the campus. Fortunately, Waseda University and many other several accounting institutions and firms will support the APMAA 2018.

In our conference organizing committee we have capable and experienced faculty and associates. Professor Osika of Waseda University and Professor Aoki of Tohoku University, will be the co-chairs of the committee, and Professor Hosomi of Tokyo Metropolitan University will be the chair of the Doctoral Colloquium. Several other professors will join us as a member of the committee.

I hope that a variety of events in APMAA 2018 will provide you with good opportunities to present your research outcomes and get the latest insights in many areas of research in management accounting. I am convinced that interactive activities with the participants from

different parts of the globe will promote international exchange and deepen our friendship. Please prepare now for your participation of this important conference. We will open our website soon to show you the latest conference information.

We look forward to seeing you at Waseda University in Tokyo next year.

Best regards,

Masao Tsuji, Ph.D. (mtsuji@waseda.jp)
2018 Conference Chair
Professor Emeritus, Waseda University
Associate Dean and Professor, Nagoya University of Commerce and Business.
