

DIBT

Doctoral Program in International Business Taxation

ABOUT DIBT

The Doctoral Program in International Business Taxation (DIBT) offers an excellent doctoral education to outstanding students from all over the world, fully preparing them to conduct research on international business taxation. DIBT provides high-quality **interdisciplinary training** for graduates in the field of international taxation, including and combining the disciplines of economics, law and management.

DIBT focuses on high-quality academic education and internationally competitive research. It is aimed at the future elite of scholars and provides interdisciplinary training in taxation of enterprises' cross-border activities, drawing on and combining the core disciplines public finance, international tax law, and cross-border tax management. By then expanding tax training to non-traditional

yet highly relevant disciplines such as economic psychology, history, political science, ethics, and legal philosophy as well as taxes and decision making, a broadening of horizons and a more comprehensive approach to research questions is achieved.

CONTENT AND STRUCTURE

The program takes **three years** to complete and awards a Ph.D. degree to graduates. During the first year, participants acquire the basic knowledge necessary for working in an interdisciplinary manner. Building on this foundation, the second and third years are dedicated to **seminars in related fields**, a **research stay abroad**, additional optional workshops, and especially to doing research on a **Ph.D. thesis**. For the duration of the entire program, students attend an accompanying **research seminar**. All courses are taught in **English**.
