2023 . PMAA . Theme .

'New Frontiers, New Approaches:
Ethical Performance Management in
a Developing Country'

PMAA and the Otago Business School (New Zealand), the Tasmanian School of Business and Economics (Australia), the Grenoble Ecole de Management (France) and the SASTRA School of Management (India) invite you to submit your papers for presentation at this year's PMAA conference, held in *Thanjavur, Tamil Nadu, India*. This year's theme focuses on:

- Ethical performance in developing countries
- An effective and meaningful approach to ethical performance
- How has performance management changed amid the COVID 19 pandemic?
- Social, environmental and ethical performance of business in developing countries
- Organizational values and ethical performance
- Performance management challenges and complexities in developing countries
- Ethical performance management and evaluation in developing countries' business practices
