

FIRST CALL FOR PAPERS

2nd *ACCOUNTING FORUM* CONFERENCE

June 1-3, 2026

**Bucharest University of Economic Studies
(Academia de Studii Economice din Bucuresti – ASE)
Bucharest, Romania**

We invite accounting (and non-accounting) academics from all geographic areas to submit papers and share their ideas at the **2nd Accounting Forum Conference** on **June 1-3, 2025**, which will be hosted by the [Bucharest University of Economic Studies \(ASE\)](#), Faculty of Accounting and Management Information Systems.

[Accounting Forum](#) publishes authoritative yet accessible articles which advance our knowledge of theory and practice in all areas of accounting and related subjects, and welcomes papers with an interdisciplinary approach in these areas. Through our conference, we aim to promote greater understanding of the role of business and accounting in the global environment, and provide a forum for the intellectual exchange of academic research covering a range of topical issues and contemporary developments in accounting and related fields.

In line with *Accounting Forum*'s vision, the theme of this conference is to bring together researchers in accounting and related areas from varying viewpoints, approaches and paradigms; provide a forum for ways we might bridge the gaps in our understanding; and broaden the scope of discussions beyond our own research groups. As such, papers addressing *any* interesting accounting-related research question, using appropriate research methodologies and research paradigms, are welcomed. Innovative approaches are encouraged.

Attendees will include academics, practitioners and PhD students at all levels of experience, and involved with all aspects of theory and practice in accounting and related disciplines. The conference will be open to submissions **from across the broad spectrum of accounting research** and will also offer a *Meet the Editors* session.

Keynote Speaker

We are delighted to announce that our inaugural plenary keynote speaker will be [Joanna Krasodomska](#) from the Krakow University of Economics, Poland.

Immediately following

Following the 2nd *Accounting Forum* conference, on June 3-4, ASE will also organize the 19th edition of the *Accounting and Management Information Systems* (AMIS) conference, now part of the EEGAR (Eastern European Group for Accounting Research) network established between ASE, Krakow University of Economics (Poland) and Prague University of Economics and Business (Czech Republic) as a platform to organize a rotating conference for advancement of accounting research in this region. By fostering academic collaboration and knowledge sharing, the EEGAR's mission is to strengthen the position of Central and Eastern European institutions and scholars within the global research community and enhance their contributions to the evolving field of accounting. A combined (discounted) conference fee will be proposed to academics intending to attend both events.
