CALL FOR PARTICIPATION

SAMPJ PAPER DEVELOPMENT WORKSHOP – SPECIAL ISSUE

“SUSTAINABILITY EDUCATION: PREPARING FUTURE LEADERS FOR A BETTER WORLD”

The Sustainability Accounting, Management and Policy Journal (SAMPJ) invites scholars to participate in a paper development workshop supporting submissions to the forthcoming special issue, “Sustainability Education: Preparing Future Leaders for a Better World”. The event provides an opportunity to engage with the Guest Editors of the Special issue, to present ongoing research, and receive developmental feedback.

The special issue welcomes theoretical and empirical contributions exploring how higher education can develop the competencies, values, and pedagogical innovations required for future leaders to address environmental, social, and governance (ESG) challenges. Submissions may consider the role of digital technologies, interdisciplinary curricula, entrepreneurial learning, and institutional strategies in promoting sustainability-oriented education.

APPLICATION DETAILS

Interested participants should submit an abstract to Valentina Beretta (valentina.beretta@unipv.it) and Davide Calandra (davide.calandra@unito.it) by the 31st of December 2025.
